Proposal 1: Appropriation of surplus

In consideration of the public nature of the banking business, under our basic policy of conducting appropriate distribution to our stakeholders, while also striving to maintain sound management and full internal reserves, the Bank proposes year-end dividends and other appropriation of surplus for the fiscal year under review as follows.

Furthermore, with regard to internal reserves, the Bank will conduct capital investments in order to improve service to our customers, while also effectively utilizing its internal reserves to expand its business foundation, and enhance its management structure.

[Reasons for nomination as candidate for Outside Director] Katsusada Akiyama has extensive knowledge of and experience in general finance developed from serving in roles such as Director-General of Currency Issue Department and Director-General of Secretariat of the Policy Board of the Bank of Japan.
